Safety on Campus

"My earnest desire is to make this building and institution contribute in every way possible to unite all in one common effort to improve each and every human being, seeing that we are bound up in one common destiny and by the laws of our being are made dependent for our happiness on the continued acts of kindness we receive from each other."

—Peter Cooper

It is in light of this statement that The Cooper Union establishes an attitude toward campus security and safety. Our goal remains to encourage the integrity, honesty, and responsibility of each member of The Cooper Union community to maintain an atmosphere of harmony and mutual respect.

The Campus Safety, Security and Fire Safety Report is produced annually by the Vice President for Finance & Administration, with contributions from other Cooper Union administrators.

Reporting of Crimes

Every incident of behavior that seems inconsistent with our philosophy and principles of safety and security should be reported to appropriate campus authorities. The guards in the lobby of each building should be notified immediately of any emergencies. Depending on the circumstance, it may also be appropriate to call the police at 911.

Students and staff should also file an incident report with the Office of Buildings and Grounds (41 Cooper Square, Room 111, 212.353.4160). If the incident occurred in the Student Residence, it should be reported to the Residence Life Staff (29 Third Avenue, room 3B, 212.353.4099) who will investigate, summon the police if necessary, and file the report with Buildings and Grounds for the student.

Campus Security Authority

The Cooper Union does not have a separate Office of Campus Safety. Campus safety and security and risk management is part of a large portfolio of operations overseen by the Vice President for Finance & Administration, William E. Mea, whose office is on the 7th floor of 30 Cooper Square, 212.353.4150. He is responsible for any alarm systems or barriers that are part of the physical property of the Cooper Union, and he also oversees the contract under which guards are hired to work

at The Cooper Union. Article 129A of New York State Education Law requires that there be a committee of faculty, students and staff who oversee the implementation of the state law requirements in the area of campus security. Professor Alan Wolf of the Physics Department is the chair of this committee for the academic year 2014–2015 and can be reached at 212.353.4314.

The Cooper Union utilizes a contracted security firm for security services on campus. Security personnel may be either uniformed or plainclothes personnel and will always be unarmed and clearly identified via their uniform or a name tag/I.D. for plainclothes personnel. Concerns regarding security personnel should be immediately directed to the guard station in the lobby of each building. Concerns will be addressed by the Vice President for Finance & Administration or his designee.

The Cooper Union does not direct security procedures for events held at Cooper Union that are not directly affiliated with the school or for high-profile individuals who have their own security detail by virtue of their office or position (Mayor of NYC, President of the United States, etc.). When security for non-affiliated events will be present in our facilities beyond the ground floor, the campus community will be notified.

Daily Crime Reports

The “Campus Crime Awareness and Campus Security Act of 1990” requires colleges and universities to make available to all current students and employees and to all applicants for enrollment or employment statistics concerning certain types of crimes. To aid in compiling these statistics and to monitor any breaches of security occurring on campus, a log is maintained of incident reports filed at Cooper Union. These reports are available for inspection in the Office of Buildings & Grounds (41 Cooper Square, Room 111).

Reports of campus safety problems may also be made anonymously by students on campus to Professor Alan Wolf, chair of the Campus Safety Committee, using the form available at: <https://safety.cooper.edu>

Timely Notification

Information about an incident of crime that:

1. Occurs on or near campus
2. Is reported to Cooper Union by a member of the community or the police, and
3. Is deemed a serious or continuing threat to the Cooper Union community will be disseminated to students by the Dean of Students using the Cooper Union bulkmail system and flyers. See also the “Emergency notification” section about procedures to be followed in significant emergencies.

Access to Campus Facilities Because of its location in an urban environment, Cooper Union has established strict policies for ensuring the safety and security of students. Entrance to the Foundation Building and 41 Cooper Square is by display of the Cooper

Union identification card. All students and staff must be prepared to show Cooper Union I.D. and be able to indicate their destination and purpose.

Access to the Student Residence is strictly regulated. Students who reside in the building may access the building using the palm scanner. Non resident Cooper Union students must show a validated Cooper Union identification card. Guests must produce the appropriate photo identification and an authorized guest pass.

Students must comply with the request of a security guard, lab monitor or studio monitor to identify themselves and to leave the building. Unidentified persons will be presumed to be trespassers and treated accordingly. Students are expected to observe all building hours. Students who remain in buildings after building hours have ended may be subject to a \$50.00 fine and/or a loss of studio privileges and/or dismissal from school and/or prosecution as a trespasser.

Students are expected to observe all policies in the proper use of shops, studios, laboratories, and individual workplaces. **Note, in particular, that alcohol is not permitted on campus except in the context of an authorized campus event with security guards.**

Students who engage in vandalism of school property or of the property of other members of the Cooper Union are subject to judiciary proceedings under The Code of Conduct.

Authority of Security Personnel The guards in the lobby of each building are responsible for access to each building; they may challenge anyone's right to enter a building and insist the I.D. cards be surrendered to them.

A roving guard patrols the perimeter of the Cooper Union buildings and is available to offer assistance.

Cooper Union guards are not police officers, but Cooper Union does cooperate with the New York City Police Department in maintaining public safety in the Cooper Square area.

Investigation of Violent Felony Offenses

We urge all crime victims to report violent felony offenses occurring at or on the grounds of The Cooper Union to a security guard and to the police as soon as possible.

Training Programs About Crime Prevention and Security

Training programs about crime prevention and security are mandatory sessions of orientation for all new students. The Cooper Union will alert students to any particular threats to their security by distributing flyers when an incident occurs or by sending a bulkmail message.

Maintenance of Campus Facilities The Cooper Union maintains both proactive preventative maintenance and routine maintenance programs for our campus facilities and systems. During our preventative and routine maintenance, project planning, renovations and new construction, The Cooper Union engages in a thoughtful process to ensure that safety and security issues are given paramount consideration. The Cooper Union maintains a Safety Committee that meets throughout the year and reviews safety and security issues and concerns, including those related to the physical campus facilities, and makes recommendations when necessary.

Crime Statistics

Statistics on the Occurrence of Crime on Campus The most frequent crime on the Cooper Union campus is the theft of unattended student property from studios, lockers, lounge spaces and bike racks. Bicycles, cameras, iphones, laptops and leather goods are particularly attractive to thieves and are easily converted to cash. Cooper Union does not reimburse students for stolen goods; students are asked not to leave valuables unattended, especially overnight. The Acting Director of Facilities is authorized to provide crime statistics for The Cooper Union. His phone number is 212.353.4160. Crime statistics are also published by the U.S. Department of Education at: <http://ope.ed.gov/security>

Statistics Involving Crime in the Area of Cooper Union

Late in 1998, Congress adopted a law requiring colleges to report crimes on property contiguous to their campuses. In New York City, it is virtually impossible to derive statistics with such precision for the Cooper Square area, and so we have chosen instead to report the statistics for the Ninth Precinct, which incorporates a considerably larger area than what is directly adjacent to The Cooper Union. The Ninth Precinct includes the area between East Houston and East 14th Street, on the south and north, and Broadway on the west and the FDR Drive on the east. Most crime occurs in the extreme east of this area. These figures are from the New York City Police Department's CompStat report for the Ninth Precinct.

New York City reports complaints in each category; given the slowness of the legal process, it is difficult to get firm data about convictions for each complaint. The statistics for the year 2014 cover the period until September 14, 2014.

Since September 11, 2001, the New York City Police Department has urged all residents to report any suspicious behavior that may be linked to terrorism. If you witness any incident that troubles you, call **888.NYC.SAFE** to report it.

New York State Laws

I. Applicable State Laws and Penalties

Laws of New York, 2000
Chapter 107.

Hate Crimes Act of 2000

An Act to amend the penal law, the executive law and the criminal procedure law, in relation to hate crimes

Became a law July 10, 2000, with the approval of the Governor.

Passed by a majority vote, three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. This act shall be known and may be cited as the “Hate Crimes Act of 2000.”

§ 2. Part 4 of the penal law is amended by adding a new title Y to read as follows:

Hate Crimes Act of 2000

Article 485
Hate Crimes

Section 485.00 Legislative findings.

485.05 Hate crimes.

485.10 Sentencing.

§ 485.00 Legislative findings

The legislature finds and determines as follows: criminal acts involving violence, intimidation and destruction of property based upon bias and prejudice have become more prevalent in New York state in recent years. The intolerable truth is that in these crimes, commonly and justly referred to as “hate crimes,” victims are intentionally selected, in whole or in part, because of their race, color, national origin, ancestry, gender, religion, religious practice, age, disability or sexual orientation. Hate crimes do more than threaten the safety and welfare of all citizens. They inflict on victims incalculable physical and emotional damage and tear at the very fabric of free society. Crimes motivated by invidious hatred toward particular groups not only harm individual victims but send a powerful message of intolerance and discrimination to all members of the group to which the victim belongs. Hate crimes can and do intimidate and disrupt entire communities and vitiate the civility that is essential to healthy democratic processes. In a democratic society, citizens cannot be required to approve of the beliefs and practices of others, but must never commit criminal acts on account of them. Current law does not adequately recognize the harm to public order and individual safety that hate crimes cause. Therefore, our laws must be strengthened to provide clear recognition of the gravity of hate crimes and the compelling importance of preventing their recurrence. Accordingly, the legislature finds and declares that hate crimes should be prosecuted and punished with appropriate severity.

§ 485.05 Hate crimes

1. A person commits a hate crime when he or she commits a specified offense and either:
 - (a) Intentionally selects the person against whom the offense is committed or intended to be committed in whole or in substantial part because of a belief or perception regarding the race, color, national origin, ancestry, gender, religion, religious practice, age, disability or sexual orientation of a person, regardless of whether the belief or perception is correct, or
 - (b) Intentionally commits the act or acts constituting the offense in whole or in substantial part because of a belief or perception regarding the race, color, national origin, ancestry, gender, religion, religious practice, age, disability or sexual orientation of a person, regardless of whether the belief or perception is correct.
2. Proof of race, color, national origin, ancestry, gender, religion, religious practice, age, disability or sexual orientation of the defendant, the victim or of both the defendant and the victim does not, by itself, constitute legally sufficient evidence satisfying the people’s burden under paragraph (a) or (b) of subdivision one of this section.
3. II. Procedures in Effect for Dealing with Bias Crime

Bias crimes should be immediately reported to the New York City police for appropriate investigation and possible criminal proceedings. In addition, members of the Cooper community may request a hearing by the Student Judicial Committee if a student was involved in the commission of the crime. In some situations, filing a discrimination complaint with the Vice President for Finance & Administration may also be appropriate.

III. The Availability of Counseling and Other Support Services for Victims of Bias Crimes

There are a number of counseling services in New York City that work with victims of crime. SAFE HORIZONS at 800.621.4673, in particular, has extensive experience in this area.

IV. The Nature of the Common Circumstances Relating to Bias Related Crime on College Campuses

At Cooper Union, the predominant category of bias crime is vandalizing property with racist, sexist and other offensive graffiti. In November 2010, a case involving such behavior was adjudicated by the Student Judicial Committee. There were no cases of such behavior brought to the Student Judicial Committee in 2013–2014.

Other college campuses have experienced assaults relating to bias, internet harassment, and intimidation through verbal aggression. Bias crimes are often linked to excessive use of alcohol.

V. Reporting of crime

Bias crimes are included in the statistics compiled in the Acting Director of Facilities' daily record and reported to students annually as part of the Campus Safety, Security and Fire Safety Report. Emergency situations are reported to students in the form of memos placed in their mailboxes, or, in cases of extreme danger, through email or cellphone calls through the emergency management system.

C. Supervised Mandatory

Fire Drills Procedures

Mandatory supervised fire drills are conducted in the residence hall twice a year by the residence hall staff. One is conducted in the spring semester and the

second is conducted in the fall semester. The most recent fire drills were conducted on October 23, 2013 and April 27, 2014.

D. Evacuation Policy and Procedures

i. The building is equipped with early warning and detection devices such as smoke detectors, heat sensors and carbon monoxide detectors. Each apartment is supplied with a fire extinguisher and the entire building is equipped with a sprinkler system.

ii. During all fire alarms, all students and all guests must leave the building immediately. All alarms should be treated as an emergency. Should the alarm bells and lights stop sounding and flashing, students should continue to evacuate the building. Upon evacuation, students may not use the elevators and should proceed toward the exits via the stairwells. Students should continue across the street after exiting and meet on the corner of Third Avenue and 9th Street in front of the NYU Residence Hall. Students are not to re-enter the building until instructed to do so by a Residence Life staff member. Failure to evacuate or premature re-entry may result in disciplinary action. Staff may enter student rooms during fire alarms to ensure the safety of students.

iii. Individuals with disabilities are encouraged to contact the Residence Hall Office upon move in so that appropriate evacuation procedures can be determined.

Rules on electrical appliances, smoking, open flames, safety education, training programs for students, staff

The most current information about fire safety procedures in the Student Residence can be found on the school's website at www.cooper.edu.

- Microwave ovens and refrigerators are provided in the common space of every apartment. Students are not permitted to have personal microwaves or refrigerators in their private rooms, nor are they permitted to replace the microwaves and refrigerators in the common space.

- Small appliances without exposed heating elements, such as curling irons, blow dryers, sandwich/waffle makers, bread makers, rice cookers, coffee makers, hot pots, and crock-pots are permitted in student rooms provided they are used properly.

- Charcoal and propane grills are not permitted in the Student Residence nor should they be used on the terraces or balconies of the building.

- Stoves and pilot lights should be monitored regularly for fire prevention purposes. Excess grease and flammable items on or near the stove are prohibited.

- Toasters, toaster ovens, and other appliances where heating coils are exposed are not permitted in the Student Residence.

- Halogen lamps are not permitted in the Student Residence.

- Candles and/or incense are not permitted in the Student Residence due to the fire hazard they create. Candles may not be used as decoration in any student rooms or common areas even if they are not lit. Candles with the wick removed are also not permitted.

- Smoking is prohibited in all the residence hall rooms, apartments, and facilities, including the balconies, elevators, stairwells, lounges, etc. Residents may smoke only outside of the building, at least 25 feet away from all entrances and windows.
- Any student who activates a false alarm or tampers with fire or safety equipment (such as fire extinguishers, speakers, smoke detectors and sprinklers) is placing the lives and safety of his/her fellow students in danger. This behavior is strictly prohibited.

The Student Residence's student conduct system is based upon the concept of developmental discipline. It is not intended to be legalistic or punitive. Rather, it is a system based upon reasonable rules and expectations that are realistically applied in the context of an educational setting. Furthermore, it is a system of both rights and responsibilities with an equal emphasis on each. The Residence Hall Staff has the responsibility to ensure that the rights of each student are protected. Correspondingly, students have the responsibility to the rules governing the community and to comply with them in order for the community to be successful. The following are examples of sanctions which may be exercised when a student is found in violation of the fire safety system. The following list is neither inclusive nor exhaustive, and additional or alternate sanctions may be imposed at the discretion of the Director of Residence Life or the Student Judicial Committee:

- *Disciplinary Warning*
- *Disciplinary Probation*
- *Monetary Fine*
- *Restitution for Damages*
- *Mediation*
- *Educational Project / Program*
- *Referral to Counseling*
- *Community Service*
- *Confiscation and / or Removal of Item(s)*
- *Forfeiture of Security Deposit and / or Rent Paid*
- *Removal from the Residence Hall*
- *Eviction from the Residence Hall*

E. Inspection, Testing, and Maintenance Programs Systems

- Inspection and testing of all fire alarm devices is conducted twice a year as per NYC Fire Code. All fire alarm device testing is performed by a licensed fire alarm vendor, Crossfire.
- Monthly sprinkler and standpipe inspections are conducted by certified Cooper Union staff.

F. Plans for Future Improvements

There are no major capital improvements program currently planned.

Policies

As a student at the Cooper Union, you are responsible for upholding the policies of the school as well as pertinent federal, state and local laws. Documents with which you should be familiar include this Campus Security, Safety and Fire Safety Report; the Code of Conduct, Policy and Procedure Relating to Misconduct Based Upon Sex, Including Sexual Assault and Sexual Harassment; and The Cooper Union catalog. The catalog describes important academic standards and regulations that may differ between the schools.

Nondiscrimination and Anti-Harassment Policies and Complaint Procedures

The Cooper Union complies with Title IX and other applicable laws and does not discriminate on the basis of sex, race, age or any other trait or characteristic protected by law. For a full statement of the School's policy of nondiscrimination and of the School's procedures for receiving and addressing complaints of discrimination, please refer to the Cooper Union catalog, also available on-line at <http://www.cooper.edu/about/policies/non-discrimination>

Smoking

In accordance with the New York City Clean Indoor Act, as amended, and New York State Public Health Law Article 13-E, it is the policy of The Cooper Union that:

Smoking is prohibited at all times in all college owned buildings, including but not limited to auditoriums, classrooms, laboratories, offices and public areas. Furthermore, smoking is not permitted within 25 feet from a Cooper Union facility entrance.

This smoking policy is intended to keep the air clear of smoke for those within our facilities and for those entering and leaving Cooper Union owned buildings.

The Cooper Union requests and expects your cooperation and assistance in the implementation and enforcement of the smoking prohibition. Those who do not comply with this policy will be subject to disciplinary action up to and including fines and/or expulsion from the college, or termination of employment. Complaints against persons represented by a labor organization will be handled in a manner that is consistent with the applicable collective bargaining unit.

Conflicts related to smoking among employees should be brought to the attention of appropriate supervisory personnel and, if necessary, referred to the Equal Opportunity Officer. To report an incident concerning violation of this policy, please send a written report to the Acting Director of Facilities.

Students alleged to be in violation of the policy are subject to disciplinary action through the appropriate student conduct jurisdiction.

In accordance with the law, any individual can voice objections to smoke that gathers in any smoke-free area without fear of retaliation.

Policy on Alcoholic Beverages and Illegal Drugs

The Cooper Union strictly adheres to all local, state, and federal laws relating to the use or illegal manufacture of drugs and alcohol on its premises or at any college-sponsored event. Students who violate Cooper Union's policies will be subject to disciplinary actions under *The Code of Conduct*.

On campus, students over the age of 21 may consume alcohol only in the context of official campus events where there is a security guard present to check I.D.'s. Alcohol may not be carried from the room in which it is served. Student groups recognized by the Joint Activities Committee who wish to apply for an alcohol permit must follow the Cooper Union procedures listed at the end of this section.

The Cooper Union has historically attracted students who are serious about academic and artistic achievement and who have understood how substance addictions undermine academic performance. It is a goal of this institution to maintain an environment of academic seriousness.

The most immediate consequence of substance abuse at The Cooper Union is often a dismal academic performance, leading to academic dismissal. Long-term

consequences of substance abuse can include major health problems, lowered employment prospects, and even an early demise.

Loss of a student to substance abuse not only blights the prospects of that individual to have a fulfilling career, but also deprives the community at The Cooper Union of that individual's unique talents and contributions. To avoid such a loss, the institution is committed to providing assistance to students with substance abuse problems through appropriate education and referral.

New York State Law Regarding Alcohol

New York State has very strict laws about alcohol. Section 65 of the Alcohol Beverage Control Law states:

No person shall sell, deliver or give away or cause or permit to be sold, delivered, or given away any alcoholic beverages to

- 1. Any person, actually or apparently, under the age of twenty-one years;**
- 2. Any visibly intoxicated person;**
- 3. Any habitual drunk.**

In addition, legislation enacted in November of 1991 specifies that a U.S. or Canadian drivers' license or non-driver identification card, a valid passport, or an identification card issued by the United States Armed Forces must be used as written evidence of age for the purchase of alcoholic beverages. New York State law also prohibits the possession of alcoholic beverages with the intent to consume by a minor and makes it a crime to produce fraudulent proof of age. Students in possession of a phony identification card

should know that the antiterrorism measures put in place by the New York City police department have improved the ability to detect fake I.D.s and have resulted in several arrests.

New York State imposes liability on any person who serves alcohol illegally to a minor. This means if someone serves a minor alcohol, the person serving the alcohol can be sued for damages by anyone harmed by that minor, including the parents or family of the minor if the minor himself or herself suffers harm.

Procedures for use in The Serving of Alcoholic Beverages at Student Events Approved by The Joint Activities Committee

1. The serving of hard liquor is not permitted at any college event involving students.
2. Cooper Union has a New York State Liquor Authority permit for the serving of wine and beer at student events. Such serving will be limited to those persons at the legal age in New York State of 21 years. To facilitate quick identification of students of legal age at the point of service, a process of carding that requires the presentation of Cooper Union I.D. and an I.D. that complies with the 1991 New York State law will be carried out by a security guard available solely for that purpose and paid for by the sponsoring student club through allocated JAC funds. All student events must be approved by JAC.

There are no exceptions to this requirement.

3. Sponsors of JAC-approved events have primary responsibility for ensuring that only those of legal drinking age are served alcohol. Sponsors must include at least two persons 21 years of age or older, and they must sign the state required alcoholic beverage permit. *Before authorization to hold an event can be given, all student sponsors must undergo a prior orientation with the Dean of Students or a designated representative of the Office of Student Services.*

4. Such events must include the serving of food, in sufficient amount for the numbers attending; and the displaying of a variety of non-alcoholic beverages must be featured as prominently as alcoholic beverages and dispensed in the same area.

5. The promotion of alcohol in advertisements for events is not permitted. Other aspects of the event should be emphasized—such as entertainment, availability of food, etc.

6. The serving of alcoholic beverages should be discontinued at approximately one hour before the end of the event.

7. Event sponsors not only must refuse to serve alcoholic beverages to anyone appearing intoxicated, but also must provide appropriate assistance to such persons. Assistance may include, but is not limited to, providing safe transportation arrangements for intoxicated guests, and medical help.

Procedures for Serving Alcohol at Exhibitions

Students who wish to serve alcohol in connection with a student exhibition opening should consult the appropriate academic dean for the policies and procedures to follow, including ordering a guard. The following rules apply to all exhibitions where alcohol is served.

1. The serving of hard liquor is not permitted.

2. Alcohol service will be permitted at student receptions only when the student presenters are over 21 years of age. In the case of a group presentation the majority of students must be over 21.

3. The Cooper Union has a New York State Liquor Authority permit for the serving of wine and beer at student events. Such serving will be limited to those persons who can prove attainment of the minimum legal drinking age in New York State of 21 years. To facilitate quick identification of students of legal age at the point of service, a process of carding that requires the presentation of a Cooper Union I.D. will be carried out by a security available solely for that purpose and paid for by the student exhibitors. There are no exceptions to this requirement.

4. Such events must include the serving of food, in sufficient amount for the number attending, and the displaying of a variety of non-alcoholic beverages must be featured as prominently as alcoholic beverages and dispensed in the same area.

5. The promotion of alcohol in advertisements for events is not permitted.

6. Event sponsors must not only refuse to serve alcoholic beverages to anyone who appears intoxicated, but also must provide appropriate assistance to such persons. Assistance may include, but is not limited to, providing safe transportation arrangements for intoxicated guests and arranging for medical help.

7. State law requires that a U.S. or Canadian driver's license or non-driver identification card, a valid passport or an I.D. issued by the U.S. Armed Forces must be used as written evidence of age for procuring alcoholic beverages.

8. The amount of alcohol permitted shall reflect the number of students over 21 years of age at the event, as approved by the dean, and in no case shall exceed 48 (12 oz.) cans or bottles of beer or 12 (750 ml.) bottles of wine.

Risks Associated With Substance Abuse

The State of New York closely monitors the consumption of alcohol and other drugs on New York State campuses and has found that substance abusers put themselves and others at risk. Substance abuse leads to an increase in highway accidents, in acts of physical violence, in sexual assault, and in vandalism.

The specific dangers of substance abuse in an urban environment cannot be overstated. Inebriated persons are more likely to be crime victims, and at least three recent local murders have been linked to excessive drinking in bars.

The many health risks involved with substance abuse are summarized on the following pages.

Federal Drug Free Workplace Act of 1988

Following the adoption of the Federal Drug Free Workplace Act of 1988, Cooper Union announced these policies for all employees:

Cooper Union intends to maintain a drug-free workplace. Drug or alcohol abuse in the workplace can result in serious mental and or physical harm to self and others, may be a violation of criminal laws and can impede or destroy the atmosphere of collegiality that is essential to the effective administering of the academic environment.

In compliance with the Drug Free Workplace Act of 1988, all members of the Cooper Union community are hereby notified that they are required to abide by all federal, state, and city laws and regulations concerning the sale or use of illegal drugs. The abuse of alcohol or other drugs on premises, or illegal manufacture, distribution, possession, or sale of any such controlled substance at Cooper Union is strictly prohibited.

Any employee found in violation of the prohibition will be subject to disciplinary action, including the possibility of immediate suspension or dismissal without reference and the jurisdiction of any applicable law enforcement agencies.

Any employee whose work performance is impaired by the use of drugs or alcohol will be considered a threat to the safety and well-being of him or herself and others and will be subject to immediate disciplinary action.

Cooper Union will make every effort to assist such an employee in locating and enrolling in an alcohol or drug abuse rehabilitation program. The successful continuation or completion of such a program may be a consideration in the severity of any other disciplinary actions the Cooper Union might pursue.

Any employee seeking assistance in finding drug or alcohol abuse counseling or rehabilitation may consult with his or her office administrator or designee. Such a consultation will be held in complete and strict confidence, except as necessary for the administrator or designee to direct the employee to a proper source for further assistance.

As a condition of employment, employees must abide by these policies, and if convicted of violating any criminal drug law must notify the Cooper Union within five days of the date of conviction.

Missing Persons Notification

In its recent reauthorization of the Higher Education Act, Congress mandated that colleges establish a missing student notification policy for students who reside in campus housing. Federal law states that if you are under 18 and if you have been deemed missing more than 24 hours, Cooper Union must notify your custodial parent or legal guardian. If you are over 18, you have the option of identifying an individual to be contacted no later than 24 hours after you are deemed to be missing.

Cooper Union defines the term “missing student” as any resident of 29 Third Avenue, who has not been seen by roommates or classmates, for a reasonable length of time, and whose absence has been brought to the attention of a member of the Residence Life Staff. The Residence Life staff will follow the procedure described below once it has been advised that a student is missing, with no reasonable explanation for his/her absence. Ordinarily, the procedure will be initiated after at least a 24-hour period has elapsed after a normal or scheduled event for which the student’s presence had been expected. However, the College may waive the 24-hour period if circumstances warrant.

Procedure

1. The Residence Life Staff member will immediately notify the Dean of Students, or his/her designee, of the report. The Residence Life Staff shall investigate by, among other things: (i) accessing the data compiled by the palm scanner to see when the resident last entered the building; (ii) making inquiries of

roommates/suitemates, residents living on the same floor and any other known associates of the suspected missing resident. Should these efforts fail to resolve the situation, the Dean of Students will review the student's academic schedule and ascertain whether the student is attending classes.

2. If these efforts fail to resolve the situation, the Dean of Students or his or her designee will promptly (but no later than 24 hours after the initial report) contact the missing student's Designated Contact. If the missing student is under 18 years of age, the student's custodial parent or guardian shall be contacted at this time. The Designated Contact and/or parent/guardian will be apprised of the situation and asked whether they have any knowledge of the missing student's whereabouts.

3. If these efforts meet with negative results, the Dean of Students or his/her designee, will promptly (but no later than 24 hours after the initial report) contact the New York City Police Department who will initiate an investigation and search based on their departmental policy and procedures. The New York City Police Department will be contacted regardless of whether the missing student has named a Designated Contact.

(The form designating a contact person is mailed to dormitory residents with their housing contracts.)

Domestic Violence

Domestic violence is a pattern of coercion that can include physical, psychological, emotional, or sexual abuse perpetrated by one person against someone who lives with him or her with the goal of establishing power and control over the victim. Domestic violence can occur between parent and child, spouses, domestic partners, roommates, siblings, relatives in a shared household, step parents and step children. It is not uncommon for domestic violence to occur when one person is economically dependent on the other.

Rape and Sexual Violence, Relationship Violence, and Stalking

Sexual violence, relationship violence, and stalking in any form, including sexual assault and rape, is prohibited by The Cooper Union. Sexual violence includes a range of behaviors in which an act of sexual nature is taken against another person without his or her consent or when he or she is unable to consent.

Consent is defined as: an affirmative decision to engage in mutually agreed upon sexual activity and is given by clear words or actions. Consent may not be inferred from silence, passivity, or lack of resistance alone. Furthermore, consent to one form of sexual activity does not imply consent to other forms of sexual activity, and the existence of a current or previous dating, marital, or sexual relationship is not sufficient to constitute consent to additional sexual activity. Assent shall not constitute consent if it is given by a person who because of youth, disability, intoxication or other condition is unable to lawfully give his or her consent.

Normally, a student's first line of defense against domestic violence is to report the episode or episodes to their local police precinct and seek a restraining order. Once a restraining order is in place, Cooper Union can assist the student in summoning the police if the perpetrator is lurking in the vicinity of Cooper Union. If the act of domestic violence is perpetrated by one student on another, the victim should also file a complaint with the Student Judicial Committee, Office of Student Services, 3rd floor, 29 Third Avenue, NY NY 10003 (telephone: 212.353.4130). Redress may also be available through anti-discrimination procedures administered by the Office of the Vice President for Finance and Administration, 7th floor, 30 Cooper Square, NY NY 10003 (212.353.4150).

New York State maintains an excellent website showing the various areas of state law that can be applied in domestic violence cases and state wide resources: <http://www.opdv.state.ny.us/index.html>

Sexual Assault

Sexual assault is one of the most prevalent categories of serious crime on college campuses.

New York State Penal Law lists numerous offenses that would fit into the category of sexual assault. (See pages 35–47.) Sexual assaults, including rape, are acts of violence and can happen to anyone regardless of age, sex, race, manner, or dress. Those who commit sexual assaults are subject to criminal prosecution. Students who commit sexual assaults are also subject to Cooper Union disciplinary proceedings.

On college campuses, sexual assaults often occur when one or both parties has been consuming drugs or alcohol. These so-called “date rapes” or “acquaintance rapes” are still crimes and are handled in court in the same manner as a sexual assault or rape by a stranger. In New York State, having sexual relations with someone who is unable to give full and free consent is a crime. Recently, there have been reports on other college campuses that the drug rohypnol (roofies) and gamma hydroxybutyrate (GBH) have been used to facilitate sexual assault.

Sexual Assault Prevention Programs

All incoming Cooper Union students are given basic safety information that includes information on preventing sexual assault.

Procedures to Follow if A Sex Offense Occurs

Survivors of a sexual assault or rape should immediately seek medical help by proceeding immediately to the nearest hospital emergency room. The nearest emergency rooms to Cooper Union are at Beth Israel Medical Center (First Avenue and 16th Street, 212.420.2840) and at Bellevue Hospital (First Avenue and 27th Street, 212.562.4347). To gain assistance in getting to an emergency room, a survivor can call 911 or notify Cooper Union’s security guards or the Dean of Students’ office. The medical examination can include a pelvic or rectal exam, screening for sexually transmitted diseases, and/or pregnancy prevention. Medical information about the assailant is also collected, but this in no way obligates the survivor to press charges or file complaints.

Information on Notifying Proper Law Enforcement Authorities

If the survivor of a sexual assault desires to pursue a criminal complaint, the staff of the hospital emergency room will summon the police. Members of the Office of Student Services are also available to assist students who are the survivors of such an assault. The survivor has the option of waiting and filing a complaint with the police later.

Weapons Policy

The Cooper Union prohibits the possession or use of weapons on campus by anyone except law-enforcement officials or those who have received prior written authorization from the Vice President for Finance & Administration or the Campus-wide Safety Coordinator. The term “weapons” includes, but is not limited to: firearms, ammunition, explosives, knives, swords, projectile weapons, and poisons. It further includes replica or facsimile weapons used in artistic performances and weapons used for athletic purposes (such as a foil). The term “possession” includes, but is not limited to, storage of a weapon in the dormitory, in lockers, desks, briefcases, laboratories, studios, or a weapon carried (notoriously or concealed) on the person. An object (e.g., a steel rod) that would otherwise not be considered a weapon may be considered as such if wielded against another.

Hazardous chemicals that are not approved for use in a laboratory or studio (or are approved for use, but are intentionally misused) may be classified as a weapon.

The Cooper Union Weapons Policy is in addition to, and may be more restrictive than, weapons regulations that may be imposed by Federal, State, and City law.

With respect to Cooper Union personnel (faculty, staff and student workers), possession of weapons on campus is subject to disciplinary action, up to and including termination of employment—consistent with any applicable employment manuals or union contracts. With respect to students, possession of weapons on campus or while attending or participating in

a Cooper Union-sponsored activity off campus is subject to disciplinary action up to and including dismissal, consistent with procedures in the Campus Safety, Security and Fire Report and Cooper Union’s Code of Conduct.

In the event that a written request to use a weapon for a special purpose is granted by the Vice President for Finance & Administration or the Campus-side Safety Coordinator, written permission to use the weapon may come with limitations, such as where, when and how the weapon may be used, where the weapon is to be stored when not in use, or how the weapon may be rendered safe. Failure to comply with such limitations will result in permission being withdrawn and possible disciplinary action.

Reporting Concerns About Weapons, Violence, and Destruction of Property

Cooper Union expects all members of the campus community to help maintain safety and security at the institution and at Cooper-sponsored activities off campus. All students, faculty, and staff who have knowledge of weapons on campus have an obligation to report that knowledge promptly to the Vice President for Finance & Administration or the Campus-wide Safety Coordinator. Persons concerned about an imminent threat of violence or about the imminent destruction of property have an obligation to report that concern immediately to local police via 911.

The Code of Conduct

Effective as of July 1, 2012

Preamble: As an educational community, The Cooper Union affirms the freedom of its students to pursue their scholarly, artistic and intellectual interests. The Cooper Union has developed policies to safeguard this freedom and to maintain an environment conducive to academic endeavor. These rules are not intended to replace federal, state or municipal laws. All Cooper Union students are responsible for upholding such laws, and any violation of law may result in disciplinary action being taken by The Cooper Union.

In addition to the Standards of Conduct defined below, students are bound by the rules of their individual school or program, and any rules regarding the use of the facilities or equipment at The Cooper Union, including, but not limited to, classrooms, the library, the Great Hall, the Student Residence, the Computer Center, laboratories, shops, studios, and other facilities.

The Cooper Union has established separate policies, published elsewhere, to adjudicate claims of academic dishonesty, claims of misconduct based upon sex, including sexual assault and sexual harassment, and claims of discrimination or harassment against a protected class (e.g., race, sex, and disability).

The Cooper Union reserves the right to modify and/or amend this Code at any time it deems necessary and in accordance with applicable laws.

8. When a student has a guest on campus, the appropriate guest procedures must be followed, and the student is responsible for the conduct of his or her guest and for any damages caused by that guest.
9. The use of the computer and network facilities is for the purpose of supporting the educational experience at The Cooper Union. Unauthorized or inappropriate use of these facilities is prohibited. Misuse may include, but is not limited to, damaging or altering records or programs; invading the privacy of other users by using or manipulating directories, files, programs or passwords; engaging in disruptive behavior; illegally duplicating or copyrighted or licensed software; using the facilities in support of a commercial concern or venture or any unauthorized use of network and/or computer hardware, software, accounts or passwords.

Summary Suspensions must be reviewed by a Judicial Panel within seven regular business days of the suspension. Until and unless the accused is found to have violated the Standards of Conduct, his/her status as a member of the Cooper Union community shall not be altered. Any person so suspended shall have the right, if the suspension is not upheld, to excused absences from all classes and examinations during the suspension period.

Part Four: The Cooper Union Student Judicial Committee

4.1 Jurisdiction. The Student Judicial Committee of the Joint Student Council shall have jurisdiction of all matters involving an alleged violation of the Standards of Conduct stated above.

4.2 Membership. Each student council shall elect two representatives and two alternates to the Student Judicial Committee and one representative and one alternate to the Judicial Appeals Committee. Student Judicial Committee members must be elected to the Joint Student Council with plurality and cannot be on probation for academic reasons or have been issued a sanction by the Student Judicial Committee. Judicial Panels shall ordinarily be chosen from members of the Student Judicial Committee; however, any member of the Joint Student Council eligible to serve on the Student Judicial Committee can serve on a Judicial Panel if necessary.

4.3 General Rules. Proceedings conducted by the Student Judicial Committee are completely independent of any civil or criminal proceeding and may occur simultaneously with such court action. The Student Judicial Committee is administrative, rather than criminal or civil, in nature. The standard of proof applied by the Student Judicial Committee shall be "preponderance of the evidence." Judicial Panels do not use technical rules of evidence. Committee members may take notice of any matter in the common experience of Cooper Union students.

Before calling a Judicial Panel, the Dean of Students shall review the list of eligible panelists for possible prejudice with the complainant and the person being accused. The Dean of Students shall notify the members of the Judicial Panel as to the time and date of the hearing. This does not preclude the Dean of Students from acting as witness, if necessary.

Representatives to the Student Judicial Committee may also serve as mediators in informal hearings.

All hearings shall be considered confidential except when applicable law mandates disclosure to the community; the complainant, however, shall have the right to be notified as to the result of the hearing.

Every student charged under the Code of Conduct shall be presumed not to have violated the Code of Conduct until the Judicial Panel arrives at its decision.

If, because of a disability, a student participating in the any stage of the hearings (or subsequent appeals process) in any capacity requires a modification to policies, practices, or procedures, and/or an auxiliary aid or service the student should submit such a request in writing to the Dean of Students at least five days prior to the scheduled start of the hearing so that the request can be appropriately assessed prior to the start of the hearing.

4.4 Judicial Panels for Category A Violations.

For a Category A offense, the Judicial Panel shall be a subcommittee of the Student Judicial Committee drawing one representative from each student council plus any two administrative officers of The Cooper Union. The associate dean of the school in which the student charged in the complaint is registered shall ordinarily be invited to participate as one of the administrative officers on the Judicial Panel in the Category adjudication. Persons charged with a Category A offense have the right to a representative of his or her choice at his or her expense, but the representative's role will be limited to providing support to the person being charged. Cooper Union may also appoint a lawyer to such committee to serve as an advisor to the committee members.

4.5 Judicial Panels for Category B

Violations. For a Category B offense, the Judicial Panel shall be a subcommittee of three from the Student Judicial Committee, generally one representative from each school.

A Judicial Panel formed under the rules of Category B has the right to stop the hearing and request that the case be heard instead under Category A Rules, so long as the parties are notified and the Category A hearing is scheduled within 7 days.

Part Five: Procedures for Filing Charges

1. Any member of the Cooper Union community may file a written complaint about an infraction of the Standards of Conduct by a student. Such complaint should be addressed to the Student Judicial Committee and delivered to the Office of Student Services, 3rd floor, 29 Third Avenue, NY NY 10003, Attention: Dean of Students.
2. A complaint must be made within 30 days of the alleged infraction.
3. The complaint must set forth the basic facts of the alleged infraction, including the date, time, and place in which the incident occurred.
4. The Dean of Students will meet with the complainant to determine if the complaint can be resolved informally or through mediation. The penalties of warning, probation or loss of privileges may be meted out in these cases by the Dean of Students, with the agreement of all parties concerned.
5. Absent a successful resolution, the Dean of Students will schedule a hearing within 10 business days. S/he will notify the student being charged by letter of the charges, place and time of the hearing, and whether it will be conducted as a Category A or B hearing.

Part Six: Procedures for Conducting Hearings

1. The Judicial Panel shall elect one of its members to be chairperson and to preside over the hearing. The person presiding shall exercise control over the proceedings to avoid needless consumption of time and to achieve orderly completion of the hearing. Any person who disrupts a hearing, including the parties to the complaint, may be excluded by the person presiding.
2. The failure of the student charged to appear at the stated time and place shall constitute a waiver of the right to a hearing. The complainant shall have the option of not appearing at the hearing; however, a complainant cannot selectively attend portions of the hearing but must follow the instructions of the chairperson.
3. Any person being charged, having appeared at the hearing, shall have the right to contest the acceptance into the record of any evidence presented in support of the charges.
4. Each party shall have the right to summon witnesses, provided that a list of these is presented to the Dean of Students 72 hours prior to the hearing. The chairperson of the hearing shall have the right to exclude witnesses who appear to offer redundant testimony.
5. Each party may question the other party's witnesses, under the supervision of the chairperson.
6. The chairperson shall summon witnesses into the hearing room and ask them to withdraw once they finish testifying.

7. Hearings shall be taped on an audio recorder. Tapes shall be destroyed at the expiration of the appeal process.

8. After testimony is concluded, the panel shall come to a decision and present the decision in writing to the person being charged, either by hand or by mail to the last address given by the student.

9. In the event of a disciplinary dismissal, the President shall review the recommendation before it is put into effect.

Part Seven: Disciplinary Sanctions

By majority vote, the Judicial Panel may impose any of the following sanctions. The Student Judicial Committee will retain a written copy of the sanction in its file until the student permanently separates from The Cooper Union.

7.1 Warning. A warning in writing, in the case of a minor infraction, that further violation of the Standards of Conduct may result in a more severe disciplinary sanction.

7.2 Loss of Privilege. In cases that involve breaking the rules of a specific facility, students may lose the privilege of using that facility on a temporary or permanent basis or have the hours of their use restricted.

A student who loses privileges may also be issued a warning or higher penalty.

7.3 Behavioral Probation. A letter of censure given in instances of more serious violations of the Standards of Conduct. Behavioral probation is a trial period in which a student who has been in difficulty has the opportunity to demonstrate that he or she can be a responsible member of the community. The terms of the probation may be varied to fit the individual circumstances.

7.4 Suspension. Given in cases where it is judged that the student should be removed from the college community. This penalty is for a stated period of time, either one semester or one year. A suspended student is prohibited from being on any Cooper Union premises

during the period of the suspension without written authorization from the Office of the President. A notification of the suspension will be sent to the Office of Admission and Records, the Office of the President, and the Office of Buildings and Grounds as well as to the student's academic dean.

7.5 Dismissal. Subject to the approval of the President of the College before taking effect, a disciplinary dismissal involves involuntary and permanent dismissal from the college. The President shall have the right to accept, reject or modify the proposed dismissal. The dismissal will be a permanent part of the student's file and will be noted on his or her transcript.

7.6 Other Actions. The Judicial Panel may impose other penalties that it deems appropriate to the infraction. Examples of such penalties are: financial restitution for damages or for medical expenses, letters of apology, community service work, etc.

7.7 Legal Action. The above listed penalties shall be in addition to any penalties or liabilities pursuant to the laws of the State of New York, both civil and criminal. Cooper Union or its designee may, at its discretion, depending on the gravity of the violation, file a criminal or civil complaint. Filing an action under this Code does not preclude the complainant from also filing a civil or criminal complaint.

Part Eight: Appeal Process

8.1 Filing an Appeal. Any student found to have violated any of the Standards of Conduct may appeal the decision of the Judicial Panel within 4 business days by writing a letter to his or her academic dean setting forth the reasons why the appeal is being made. The Dean will convene an Appeal Board within 5 days of receiving the appeal letter.

8.2 Composition of the Appeal Board. The board will consist of two students and one academic dean. Ordinarily, the academic dean and one of the students shall come from the same school as the appellant. The remaining student shall be from one of the other schools. Alternates may replace student representatives and have full rights to vote on the appeal board.

8.3 Limitations of the Authority of the Appeal Board. The Appeal Board shall limit its review to these issues:

- Does the record show that the party had a full and fair opportunity to present his or her case?
- Was the sanction imposed fair and proper in light of the infraction proved?

8.4 Decision of the Appeal Board. After considering the record and the letter of appeal, the Appeal Board may:

- a. Accept the decision of the Judicial Panel;
- b. Return the case to the Student Judicial Committee for a further hearing in keeping with the Appeal Board's instructions;
- c. Reverse the Judicial Panel's decision and dismiss the case;
- d. Accept the Judicial Panel's decision but reduce the sanction. The sanction may not be increased.

If the Appeal Board accepts the decision of the Judicial Panel, whether or not it reduces the sanction, the matter shall be deemed final.

**Emergency Response
and Evacuation Procedures**

The Cooper Union maintains a college-wide Emergency Management Plan. Under the direction of the President or his designee, the Emergency Management Plan will be activated and the Emergency Management Team convened when there is a significant emergency or dangerous situation involving an immediate threat to the health or safety of any members of the campus community. The Emergency Management Plan contains parameters to confirm the existence of a significant dangerous or emergency situation, to determine the content of necessary campus-wide notifications, and to determine the campus populations to receive the notifications.

The Emergency Management Plan contains procedures for our emergency campus notification system. In the event of an emergency on campus, the alert notification system will email pertinent information to members of the Cooper Union community.

Students are automatically enrolled with the emergency contact information on file with the Office of Admissions and Records. Students may verify their information via Cooper Union's WebAdvisor system at <https://dtwa.cooper.edu>.

The Cooper Union maintains open lines of communication with local law enforcement authorities and receives updates from authorities of significant events occurring that may impact the Cooper Union community. When notified by campus safety and security personnel or local law enforcement authorities of significant events that represent a serious or continued threat to students and employees, the Cooper Union issues timely warnings of such events. Timely warnings can be issued through the campus notification system or through the Office of the Dean of Students.

The Emergency Management Plan is maintained in the Office of the President and is reviewed and tested at least annually by the Emergency Management Team.
