

## **Opportunities in Guatemala**

### [Drip Irrigation Project in Guatemala](#)

An example of a larger-scale project sponsored by UC Davis and run by the Barbara Ford Peace Building Center.

### [The Barbara Ford Peace Building Center](#)

Our “home base” in Guatemala. We will procure inexpensive lodging and meals at the Center. Dean Shay is close friends with the people who run the Center. She developed these opportunities in conjunction with their staff during a site visit in the summer of 2018. The staff is eager to work with Cooper students and offer the possibility of hosting more projects, depending on student interest and availability.
