

FULBRIGHT GRANT INFORMATION SESSION WITH THERESA ZEITZ-LINDAMOOD ART '13

TUESDAY APRIL 5 | 12 PM

41 COOPER SQUARE ROOM 101 | PLEASE JOIN US | ARTISTS, ARCHITECTS AND ENGINEERS

Theresa Zeitz-Lindamood will present her experience as a 2014–2015 Fulbright Fellow in Italy.

She studied painting in Bologna and Rome, beginning her artistic research with a study of the history of female painters in Bologna dating back to the fourteenth century.

While using her studio practice to investigate the idea of female painters forming a community throughout time, her focus expanded to encompass other community-building aspects of Italian culture, in particular the ways agriculture and culinary history form ties in the cities of Bologna and Rome.

She will also discuss the Fulbright's emphasis on cross-cultural exchange and the differences in attitudes and approaches to contemporary art, government, and gender politics between Italy and America.

Peter Buckley, Associate Professor of the Faculty of the Humanities and Social Sciences and The Cooper Union's Fulbright Program Advisor, will join Ms. Zeitz-Lindamood to provide information and field questions about applying for a Fulbright Grant.

For an archive of posters of past presentations, see <http://cooper.edu/students/student-affairs/careers/students/career-resources-tools/fulbright>
